Tom Nordblom, Al Winward, Rick Miller, Floyd Bolton & Stan Miller, Eastern Oregon 1978, photo by Allan Deutsch

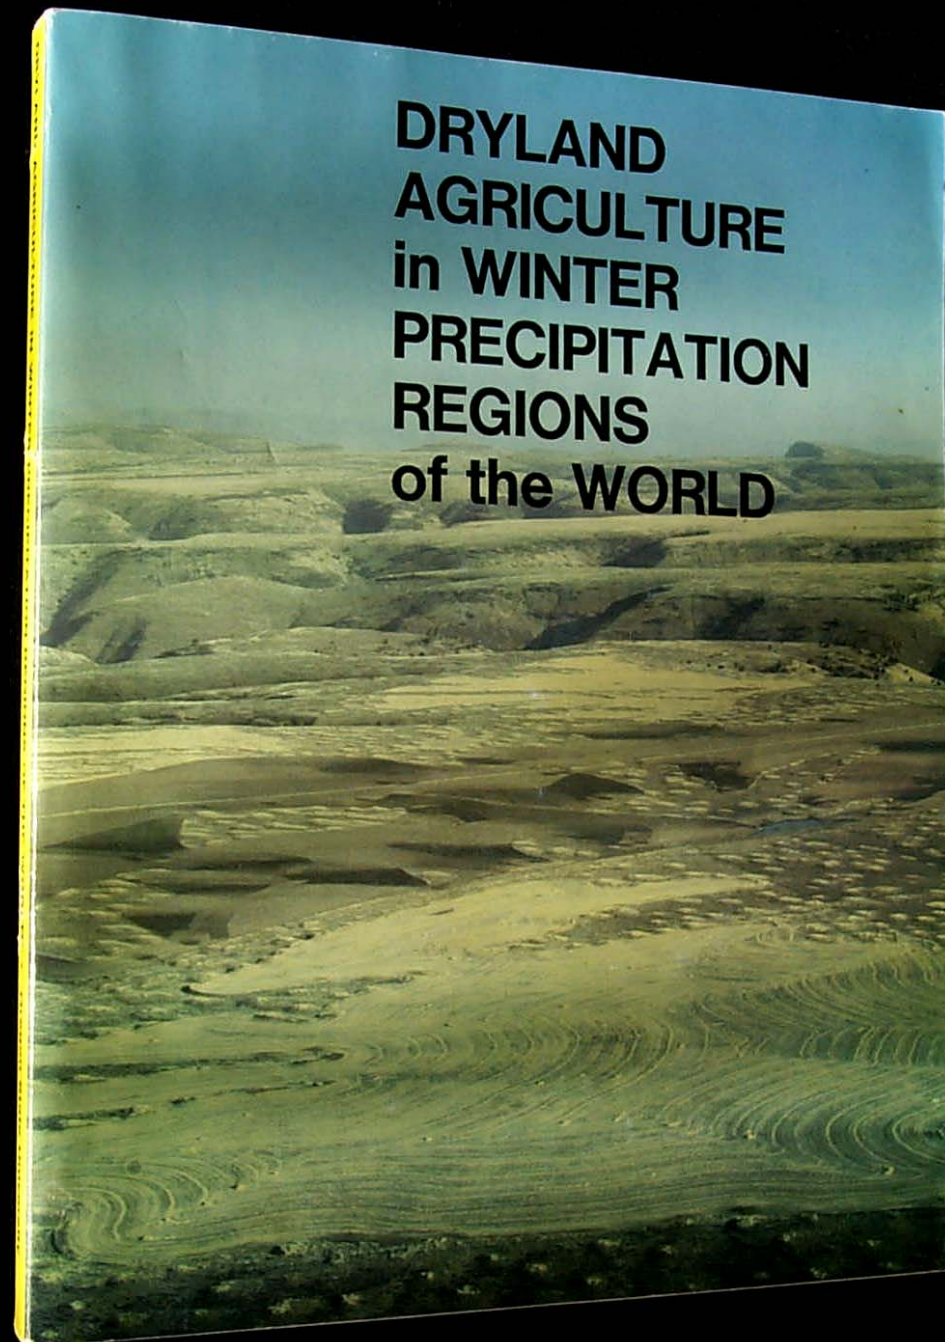

B.1

Miller, S.F., Bolton, F.E., Booster, D.E., Fitch, J.B., Jackson, T.L., Miller, R.F., Nordblom, T.L. & Winward, A.H. 1979. *Dryland Agriculture in Winter Precipitation Regions of the World: Status of the Technical Art*. Office of International Agriculture, Oregon State University, Corvallis, Oregon. 218 pp. Library of Congress Catalogue Card No.: 79-90916

Cover photo by Curtis White:

Eastern Oregon wheat fields with chaff piles, amid rock piles made by early cultivators.

Pilot: Tom Nordblom, 4 Oct 1978

'BEFORE'

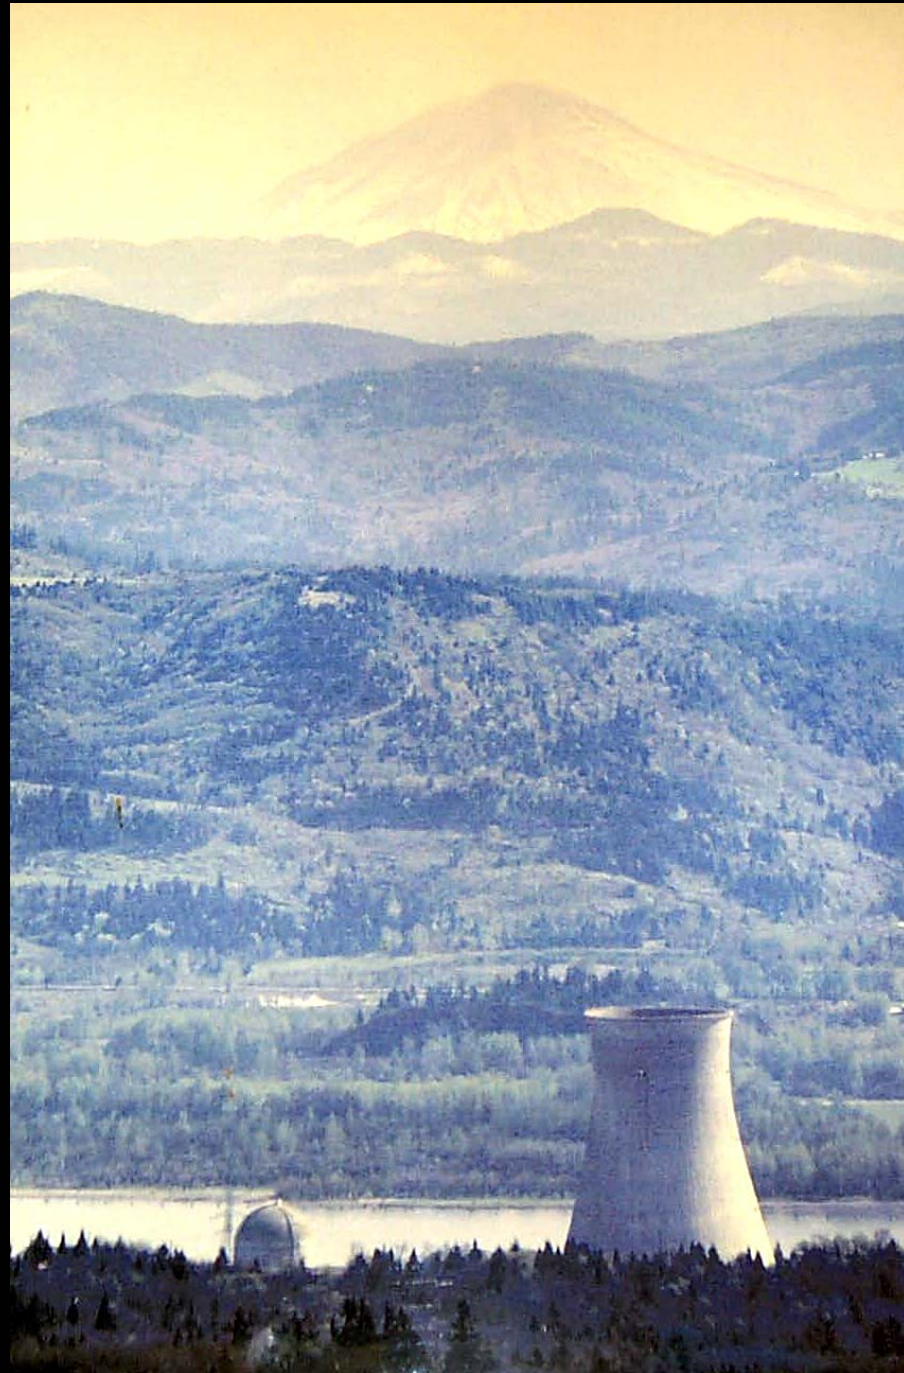

Trojan nuclear power plant on
the Columbia River, Oregon,
13 April 1980

In the background (55 km ENE)
is Mt St Helens, in Washington
State, 35 days before the great
eruption of 18 May.

photo © by Ron Boutelle, reproduced
here by kind permission.

pilot: Tom Nordblom

Note: The Trojan plant was
permanently closed in 1993
and its cooling tower
demolished by engineers on
21 May 2006

'AFTER'

Mt St Helens, with top blown away by the volcanic eruptions that began on 18 May 1980.

In the background, 95 km SSE of Mt St Helens, is Mt Hood, in the state of Oregon.

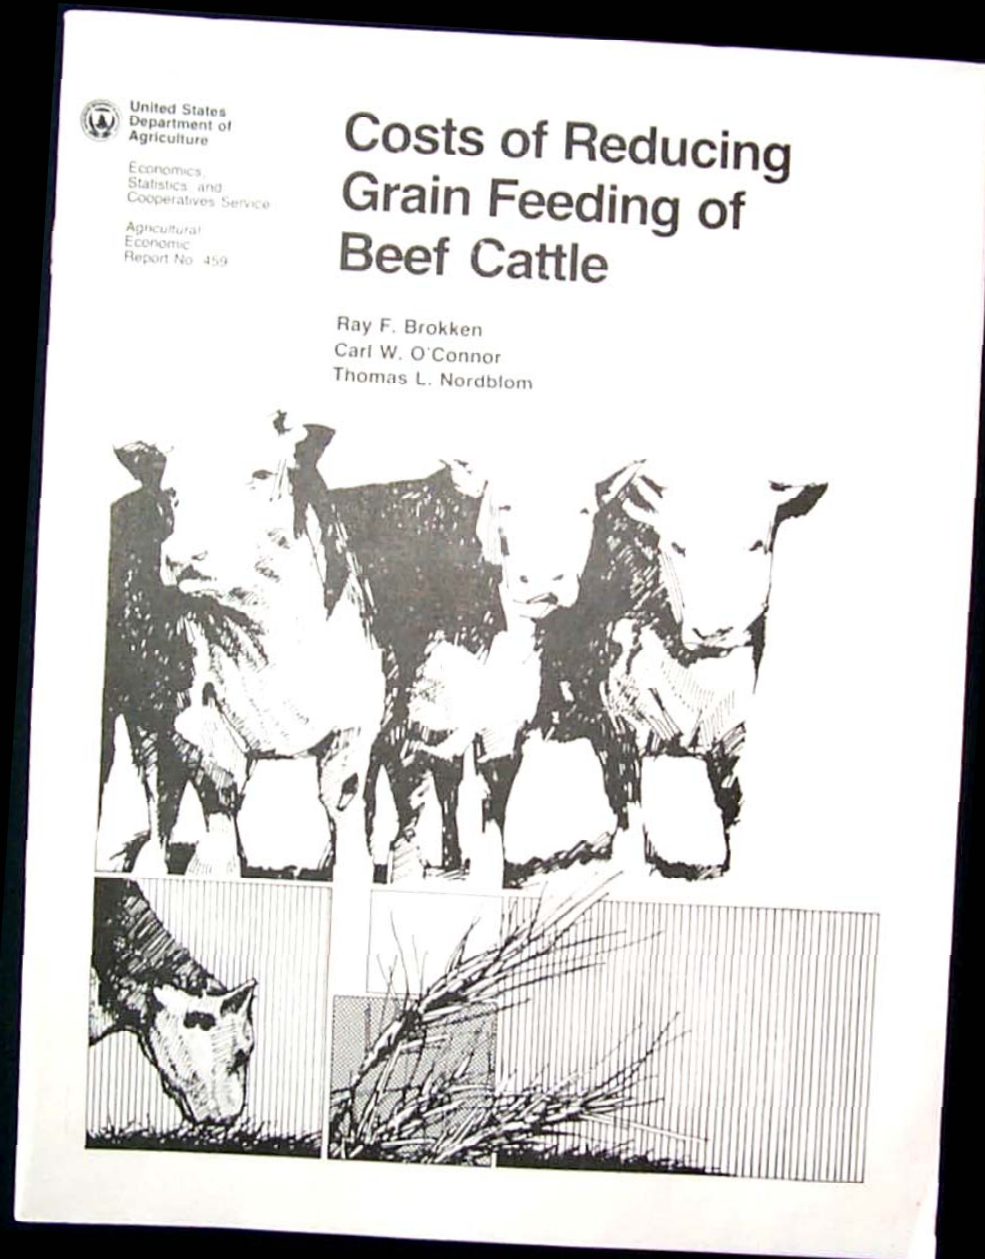

photo © by Ron Boutelle, 13 July 1980
